for harvesting
corn

SO IS THE KINGDOM OF GOD....

When a person sow's the seed of God's word into their heart they don't see immediate change. Over time something happens when the word is mixed with faith.

Jesus tells us in the gospel of Mark 4:28,29 For the earth brinigth forth fruit of herself; first the blade, then the ear, after that the full corn in the ear. But when the fruit is brought forth, immediately he

putteth in the sickle because the harvest is come. CBC Belfast took a mission trip to Mexico and experienced much fruit. The gospel was preached with sighns and wonders following

GO INTO ALL THE WORLD.....

And these signs will follow those who believe; In my name they will cast out demons; they will speak with new tongues; they will lay hands on the sick and they will recover. Mark 16: 17,18

By Yvonne O'Brien

What an awesome time we had in Mexico . I am overjoyed as I remember all of the wonderful experiences we had as we travelled around ministering to so many people from all walks of life.

In Mexico City we held meetings in homes and conference centers to small and large groups of people. We spent several days out in the mountain region of

Malinalco ministering and healing the sick on the market square and in the town of Jesus

Maria. People just responded to the good news of the Gospel. No matter where we

were or who we were with one thing that stood out to me, "God's love never fails" and sharing His love with people is not complicated. So many people came forward in the many meetings we held and gave their lives to the Lord, they were baptized in the Holy Ghost and set free from all kinds of sickness and disease.

Jesus told us in Matt 28:19 Make disciples of all nations.

Our hosts in Mexico Paco and Isabel Martinez have set up a center where people can come and do workshops, learning different skills. They are using the center as a base for "Discipleship Evangelism" This means that any one can come and learn who they are in Christ and in turn go out and make a difference.

We are so thankful to have been able to be a part of this ministry in Mexico City and Jesus Maria in Malinalco Mexico.

Yvonne O'Brien & Lorena Lucy

Lorena a native of Mexico and graduate of CBC Uk led the trip in Mexico City and Malinalco where her mother Isabel has set up a center to reach out to the people in the village of Jesus Maria, Malinalco and the surrounding area.

Praising God, healing the sick and preaching the Gospel

by Liliana Kwarcinska

This mission trip was a life changing experience for me and I will draw from the memories of it for the rest of my life.

The biggest highlight for me was the opportunity to minister Gods love to the people in a verity of ways. Sharing testimonies, teaching simple truths from the Word of God, healing the sick or ministering the baptism of the Holy Spirit.

One man who was paralyzed down the right hand side of his body from a stroke came to me for prayer. I asked him "What do you want prayer for?" He told me " I want to have full function of my body" I told him he could walk today. I helped him out of the wheelchair and we started to walk together. I asked his family if this was normal. They were speechless.

Another wonderful memory from the trip was seeing true

marketplace evangelism in action. We had the opportunity to interact with people on the street, pray for healing or salvation right in the middle of a busy market. Right in the midst of the business of life, peoples lives were effected and transformed forever.

Another highlight of the mission trip was being able to work together as a team. Supporting, helping and witnessing each others victories. Getting to know each other better, learning from one another. Simply being a part of each others life for a while was an awesome experience!

Now I want to build on the experiences of the mission trip to Mexico and step out in faith, speaking boldly the message of grace and pray with the expectancy of seeing signs and wonders follow.

It is so wonderful to be able to apply what I've learned in College I now have the confidence to minister God,s love anywhere to anybody.

The fruit of discipleship

By Debbie Lamont

On our visit to Dallas we saw first hand how discipleship really does work. Our host Lou Murchison has been faithful in meeting with a home group for many years. They gather together to study the word and enjoy a time of fellowship sharing testimony after testimony of God's goodness. the results are amazing.

All of the Belfast team had an opportunity to minister during the meeting and were also ministered to by what they shared with us. I can see that sharing the gospel should not be just from a pulpit but very much part of our every day lives. The nice thing about small groups is that people get a chance to share with each other and that is so encouraging.

I can't thank Yvonne, Grady and Charis Bible College Belfast enough for giving me this opportunity to be a part of this mission trip. It has been life changing for me, I can't even put on paper all that I experienced because so many amazing things happened. This work is a harvest that whoever took part in sowing into this mission trip, this is your harvest too, THANK YOU

Meeting in Mexico City

CBC DALLAS

Visiting our friends

We had the pleasure of visiting Charis Bible College in Dallas, Texas for the day. What a wonderful time we had with teaching and great fellowship.

THE BEAUTY OF MEXICO ...

Is seeing God's love for these beautiful people

The mission trip was amazing in so many ways it was a time of intense ministry and also of new experiences every day. As a group we all stepped out in faith and saw God at work in peoples lives through the word. Many people received Jesus and where filled with His spirit and we found a great desire in Mexico for the word of God. The language barrier was over come by working with interpreters. I photographed ministry , people ,food of all kinds, local people and places, villages and city life. I was amazed at the contrasts of it all. Personally I am changed forever by the trip as I now know that this is not a trial run, mission trips are real with real people who need the love of God,

We also got to visit Dallas and met some wonderful people who loved on us and impacted us so much with there passion for God, while there we again saw the power of the gospel at work and people where healed and changed. All in all it was a great two weeks and a life changing time. When you see people respond and receive so quickly it really inspires you to go into all the world and share this Good news .

I would like to thank all those who supported us through prayer and giving, you have helped change so many lives.
